EDUCATION

Mehran University of Engineering and Technology

Bachelor of Science in Artificial Intelligence (BSAI); GPA: 3.58

Jamshoro, Sindh

July 2023 - August 2027

Computer Man Institute of Emerging Technologies

Diploma in Information Technology (DIT); Grade: A

Hyderabad, Sindh

Oct 2021 - August 2022

SKILLS SUMMARY

- Languages:** JavaScript, Python, MongoDB, SQL, TypeScript, R
- Frameworks:** Next.js, React.js, ShadCN, Pandas, Scikit-learn, TensorFlow
- Platforms:** Cursor IDE, Visual Studio Code, Jupyter Notebook
- Soft Skills:** Professional AI and Software Engineer, Strong Problem Solving, Communication, Collaboration

WORK EXPERIENCE

Client Project: Dua General Store

December 2024

- Built a complete e-commerce website with Next.js and ShadCN UI, having a neat, responsive design.
- Integrated secure user authentication, product catalog, cart, and order management using Supabase.
- Built real-time chat support functionality with Supabase Realtime and custom local session management.

Web Management Director – AIC Society, MUET

August 2024-June 2025

- Led complete website development (frontend + backend) for event scheduling and content publishing.
- Maintained site performance, handled deployments, and resolved technical issues during live events.

PROJECTS

Instagram Clone – Personal Project (React + Firebase + Chakra UI)

- Developed a fully functional Instagram-like social media app using React for frontend and Firebase for backend tasks.
- Implemented user authentication (sign up/login/logout) using Firebase Auth and protected routes.
- Enabled image upload, post creation, and live feed updates using Firebase Storage and Fire store.
- Developed a clean, responsive UI using Chakra UI, dark/light theme and mobile layout support.

Medical Recommendation System

- AI-based system to predict disease based on symptoms and offer care/prevention suggestions.
- Implemented voice-based input with Bootstrap UI and ML-backed disease prediction.

CERTIFICATES

- Winner of Hacktoberfest Hackathon | [CERTIFICATE](#)
- The Role Of EDA In Data Science Using Python | [CERTIFICATE](#)
- Web Management Director – AIC Society | [CERTIFICATE](#)
